# **THE HEXAGON**

## **FUNCTIONAL TRAINING RIG**

### **PRICELIST 2019**

The Body-Solid Hexagon Functional Training Rig is a customizable functional training system. The hexagon shape fits over twenty attachments allowing you to configure them in the way you want.

Body-Solid Hexagon System (**SR-HEX**) is 211 cm tall and perfect for garages and residential applications. The Hexagon Pro (**SR-HEXPRO**) is available for larger facilities and has a 252 cm base and 335 cm loaded height.

Both are expandable, allowing you to bolt two or more units together, now or later. This level of customization ensures you can outfit the Hexagon System to your specific facility needs.

Body-Solid  
**ProClub Line**  
**THE HEXAGON**  
**FUNCTIONAL TRAINING RIG**

Functional training and group exercise are two of the most exciting trends in the fitness industry.

The Body-Solid Hexagon System is perfect for fitness enthusiasts looking to get the most current exercise trends in the comfort of their home.

**START** with the HEXAGON BASE FRAME (**SR-HEX** or **SR-HEXPRO**)

**NEXT**, choose the stations right for you.

The HEXAGON is a modular training systems that fits any combination of up to twenty of the 23 available stations.

Mix and match to create the perfect fit for your facility needs.

01. **SR-BAR** Monkey Bars
